

A screenshot of a Windows desktop showing a web browser and a command prompt window.

The web browser (Google Chrome) displays the GitHub repository page for `RahulRajagopall/EMS`. The address bar shows `github.com/RahulRajagopall/EMS`. The page content is partially visible, showing the repository name and a "Star" button.

The command prompt window (C:\Windows\System32\cmd.exe) shows the following commands and output:

```
C:\Users\rahul.rajagopalan\Desktop\Aspire\Employee-Management-System>git remote -v

Below the command prompt window, there is a link that says "Add a README" with the text "Help people interested in this repository understand your project by adding a README."

The Windows taskbar at the bottom shows the Start button, a search bar with the text "Type here to search", and several application icons including File Explorer, Microsoft Edge, and the Task View button. The system tray on the right shows the date and time as "10:21 PM 17-01-2024" and the weather as "24°C Partly cloudy".
